

Questions

Lesson One

I- Choose the correct answer:-

1- Vertebrates are the animals backbone.

(with - without)

2- The animals without backbones are

(vertebrates - invertebrates)

3- is a vertebrate animal. (Shrimp - Dolphin)

4- Fish backbones. (have - have not)

5- Cats are (vertebrates - invertebrates)

2- Put (√) or (x) :

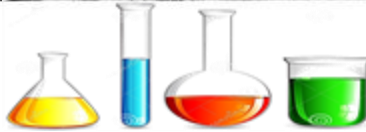

1- Invertebrates don't have backbones. ()

2- Earthworms are vertebrates. ()

3- Insects and spiders have backbones. ()

4- Turtles are vertebrates. ()

5- Crabs are without backbones. ()

3- Match:-

1- Lion

A- vertebrates.

2- Starfish

3- Snake

B- invertebrates

4- Bee

4- Complete from the words box:-

backbones - have - haven't- butterfly

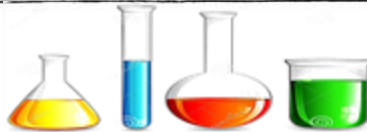

1- Vertebrates backbones.

2- Sharks are with

3- Shrimps backbones.

4- is an invertebrate animal.

5- Circle the right pictures:

1- Vertebrates .

2- Without backbones.

3- Invertebrates

Lesson Two

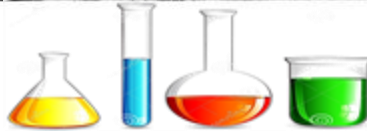

I- Choose the correct answer:-

- 1- Jelly fish lives is (water - desert)
- 2- A lives in frozen areas. (bear - horse)
- 3- A giraffe lives in (desert - forest)
- 4- Birds move by using (fins - two wings)
- 5- moves by crawling. (Crocodile- Duck)

2- Put (√) or (X):-

- 1- Lions live in water . ()
- 2- Penguin lives in frozen areas. ()
- 3- Sharks live in water. ()
- 4- Snake moves by using fins. ()
- 5- Lizards move by using two wings. ()

3- Match:-

- | | |
|-------------------|-----------------|
| 1- Bear lives in | a- the forest . |
| 2- Snake moves by | b- frozen area. |
| 3- Fish moves by | c- using fins. |
| 4- Lion moves by | d- crawling. |
| 5- Tigers live in | e- the desert. |
| | f- four legs. |

4- Complete from the words box:-

whale - Lizard - forest - frozen areas - Monkey

- 1- crawls.
- 2- Lion lives in
- 3- lives in forest.
- 4- moves by using fins.
- 5- Penguin lives in

5- Circle the right pictures:-

1- Animals move by four legs.

2- Animals live in frozen areas.

3- Animals move by using two wings.

4- Tigers live in.

water

desert

forest

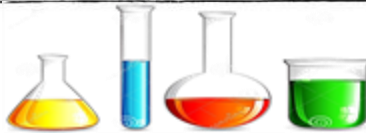

Lesson Three

I- Choose the correct answer:-

- 1- Cats are covered with (fur - bony scales)
- 2- Some animals give birth such as.....(snakes - rabbits)
- 3- Fish are covered with (wool - bony scales)
- 4- Elephants (give birth - lay egg)
- 5- Ducks are covered with (feathers - fur)

2- Circle animals which lay eggs:-

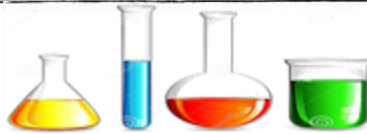

3-Match:-

- | | |
|-----------|---------------------------------|
| 1- Fish | a) is covered with feathers. |
| 2- Hen | b) is covered with bony scales. |
| 3- Frog | c) lay eggs. |
| 4- Snake | d) is covered with fur. |
| 5- Rabbit | e) is covered with scales. |

4-Circle animals which are covered with fur:-

5- Complete from the box:-

Sparrow - scales - fur - wool - feathers

- 1- Rabbit is covered with
- 2- Lays egg.
- 3- Snake is covered with
- 4- Goat is covered with
- 5- Birds are covered with

6- Put (✓) or (x):-

- 1- A snake gives birth. ()
- 2- Lion lays eggs. ()
- 3- Shark is covered with scales. ()
- 4- A bear is covered with fur. ()
- 5- Some animals give birth like dog. ()

Answers

Lesson One

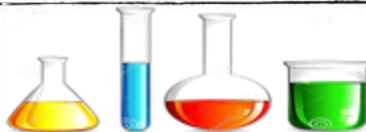

I- Choose the correct answer:-

1. Vertebrates are the animals backbone.
(with - without)
2. The animals without backbones are
(vertebrates - invertebrates)
3. is a vertebrate animal. (Shrimp - Dolphin)
4. Fish backbones. (have - have not)
5. Cats are (vertebrates - invertebrates)

2- Put (√) or (x) :

- 1- Invertebrates don't have backbones. (√)
- 2- Earthworms are vertebrates. (x)
- 3- Insects and spiders have backbones. (x)
- 4- Turtles are vertebrates. (√)
- 5- Crabs are without backbones. (√)

3- Match:-

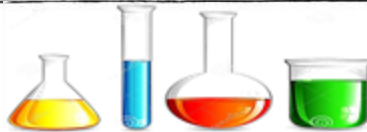

Lion → vertebrates.
 Starfish → invertebrates
 Snake → invertebrates
 Bee → invertebrates

4- Complete from the words box:-

backbones - have - haven't- butterfly

- 1- Vertebrates have backbones.
- 2- Sharks are with backbones.
- 3- Shrimps haven't backbones.
- 4- Butterfly is an invertebrate animal.

5- Circle the right pictures:

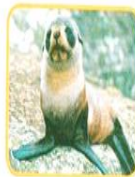

1- Vertebrates .

2- Without backbones.

3- Invertebrates

Lesson Two

I- Choose the correct answer:-

- 1- Jelly fish lives is (water - desert)
- 2- A lives in frozen areas. (bear - horse)
- 3- A giraffe lives in (desert - forest)
- 4- Birds move by using (fins - two wings)
- 5- moves by crawling. (crocodile- duck)

2- Put (✓) or (X):-

- 1- Lions live in frozen water areas. (X)
- 2- Penguin lives in frozen areas. (✓)
- 3- Sharks live in water. (✓)
- 4- Snake moves by using fins. (X)
- 5- Lizards move by using two wings. (X)

3- Match:-

- | | |
|-------------------|----------------|
| 1- Bear lives in | - the forest . |
| 2- Snake moves by | - frozen area. |
| 3- Fish moves by | - using fins. |
| 4- Lion moves by | - crawling. |
| 5- Tigers live in | - the desert. |
| | - four legs. |

4- Complete from the words box:-

whale - Lizard - forest - frozen areas - Monkey

- 1- Lizard crawls.
- 2- Lion lives in forest.
- 3- Monkey lives in forest.
- 4- Whale moves by using fins.
- 5- Penguin lives in frozen areas.

5- Circle the right pictures:-

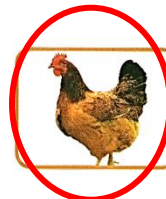

1- Animals move by four legs.

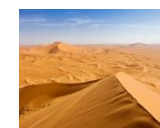

2- Animals live in frozen areas.

3- Animals move by using two wings.

4- Tigers live in.

water

desert

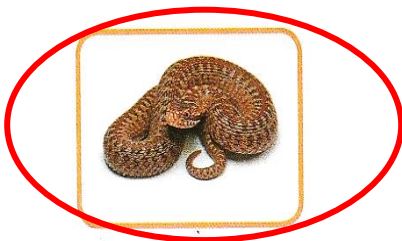

forest

Lesson Three

I- Choose the correct answer:-

- 1- Cats are covered with (fur - bony scales)
- 2- Some animals give birth such as ...(snakes - rabbits)
- 3- Fish are covered with (wool - bony scales)
- 4- Elephants (give birth - lay egg)
- 5- Ducks are covered with (feathers - fur)

2- Circle animals which lay eggs:-

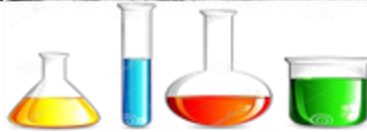

3-Match:-

- 1- Fish → a) is covered with feathers.
- 2- Hen → b) is covered with bony scales.
- 3- Frog → c) lay eggs.
- 4- Snake → d) is covered with fur.
- 5- Rabbit → e) is covered with scales.

4-Circle animals which are covered with fur:-

5- Complete from the box:-

sparrow - scales - fur - wool - feathers

- 1- Rabbit is covered with fur.
- 2- Sparrow Lays egg.
- 3- Snake is covered with scales.
- 4- Goat is covered with wool.
- 5- Birds are covered with feathers.

6- Put (✓) or (x):-

- 1- A snake gives birth. (x)
- 2- Lion lays eggs. (x)
- 3- Shark is covered with scales. (x)
- 4- A bear is covered with fur. (✓)
- 5- Some animals give birth like dog. (✓)
